

Dear internship committee,

I am pleased to write this letter to recommend Bassem Mohamed Abdelmoneim for this summer internship. Bassem is a third year student at the Computer and Systems Engineering department. I have taught him different courses during his three years in the department such as Computers and Programming, OOP, Digital Systems-1, Digital Systems-2, and Numerical Analysis and Computer Applications. I have got to know Bassem well while interacting with him in the sessions and lab discussions where he demonstrated strong programming skills, professionalism and team work spirit. He also showed respect and openness for reviews on his work.

I strongly recommend Bassem for this internship. As his teaching assistant, I have no doubt that Bassem's skills would allow him to successfully complete your internship program. If you have any questions, please feel free to contact me at the email below.

*Sincerely,*

Eng. Heba Aly
